Vehicle Management System

The new computerized ITA Vehicle Management System is a software application designed to technologically capture all motor vehicle and driver's licence information that is currently done manually at Examination Depots island-wide.

System Features

Features of the system include:

- ◆ Issuing and printing of motor vehicle fitness.
- ◆ The viewing of motor vehicle information.
- ◆ Fitness report done within a specific time period.
- ◆ Fitness report done per vehicle type.
- ◆ Fitness report done per Certifying Officer/ Inspector.
- ◆ Fitness report done per depot.

Mobile App

A mobile app will be used by the Certifying Officer to capture fitness information which will:

- ◆ Display pictures of the motor vehicle being tested.
- ◆ Use and store GPS coordinates of vehicles.
- ◆ Upload and update Motor Vehicle Fitness in real time.

Driver's Licence Feature

- ◆ Part of the system also provides for a driver's licence feature which will administer:
- ◆ Computerized Driver's Licence Exams.
- ◆ Publish computerized scores and exam results in real time.
- ◆ Capture candidate's photo.
- ◆ Update and upload Driver's Licence information both internally and externally (Tax Administration Jamaica (TAJ)).
- ◆ Give driver's licence report done per depot (*breakout of applicants tested per depot*).
- ◆ Give driver's licence report of total passes.
- ◆ Give driver's licence report of total failures.
- ◆ Give driver's licence report done by each Certifying Officer.

Security Features of the ITA Vehicle Management System

- ◆ There will not be any duplication of fitness records.
- ◆ Each motor vehicle will have to visit the examination depot for fitness testing.

- ◆ The system will automatically generate Fitness Certificates for the requisite time period.
- ◆ The System will automatically verify fitness receipt from TAJ.
- ◆ Fitness information will automatically be updated on TAJ system.

- ◆ There will be audit trails of each individual using the system.
- ◆ Each Officer will get his/her own log in credentials.
